## Are you Stumbling over Yourself? Mark 6:1-6

What astonished the people of Jesus' hometown?

How did they respond to their astonishment?

Who do believe was most impacted by the people's unbelief? God or themselves?

### Personal Application:

When you think about your life, the times/events/people/places, where you have experienced God....do you believe He will work today?

Does self-love or self-hatred cause you to doubt God?

In this moment/these circumstances that you are facing, who are you worshipping? God or self? Why?
